Deliverable 1 - Background & Elicitation Docs.

Created by Unknown User (dunnej1), last modified on 04 Apr, 2019

Tutor's comment:

"It's hard work of you to deliver such a decent assignment, I really appreciate it. However, there are some aspects you still need to improve."

Tabular Feedback:

Component	Comment	Mark
Background Description	You have produced a description of the project that lacks of accuracy. It's also not completely defining the problem and/or the scope of the solution.	1.5 / 2
Background Presentation	The background document is clearly laid out and well structured. The document contains no typos or spelling errors. With minimal grammatical or spelling mistakes.	2.5 / 3
Elicitation Description	The interview guide is not well explained. You don't explain your method in details and/or how you'll conduct the interview. No details about roles/responsibilities.	1.5 / 2
Elicitation Presentation	The interview guide contains no typos or spelling errors. The document is well organised/structured and also lists their questions and strategies to help you understanding the requirements of the system. The interview questions are well-suited/contextualised to your project/client.	2.5 / 3
TOTAL:		8.0 / 10

Action points:

We plan to act on our tutor's feedback for this deliverable by:

- Having a more detail-oriented approach to future deliverables.
- Making explicit definitions of the elements contained in the deliverable specification.
- Cross-examine each other's work to check for errors, and make sure they meet the deliverable specification.
- Maintaining our spelling and grammar standards by double checking every submission for errors.

What are 'tasks' in Confluence?

- ✓ Keep track of the things that need to get done with tasks
- ✓ give each task an assignee and due date

What are 'tasks' in Confluence?

Task lists - Learn Atlassian Confluence #9

A screenshot of a video player interface. The title bar reads "Task lists - Learn Atlassian Confluence #9". The main area shows a presentation slide with a dark background and white text. The text on the slide is mostly illegible due to blurring but appears to be a list of items. At the bottom of the slide, there is a small image of a computer screen displaying a Confluence task list. The video player has a black control bar at the bottom. From left to right, the controls are: a play button (red circle), a double arrow button, a volume button, the time code "0:00 / 0:53", a vertical slider, and a red "HD" button.

Organize your project space

Card sorting

Work on Confluence space

1. Create a cover page for your project on your Confluence Space

- Include the name of your project;
- Create a table with additional details about your team: Photo | Name | Email |
- Please add the name of your client and contact details
- Please add the name of your supervisor and contact details

2. Create your categories and sub categories (pages) on your Confluence Space

Thank you
